

Mechanical Calibration Kit

Description	Technical Specifications	Vender's Compliance
Nominal Impedance	50 ohms	
Connector Type	Precision 3.5mm	
Frequency Range	DC to 26.5 GHz	
Class	Economy	
Type	Mechanical SOLT	
Calibration Standards	Perform full two-port calibration	
Certificate	Commercial Calibration	
Compatibility with	Keysight Network Analysers	

Components Included in Calibration Kits

Description	Quantity	Vender's Compliance
3.5mm female fixed short circuit	1	
3.5mm male fixed short circuit	1	
3.5mm female open circuit termination	1	
3.5mm male open circuit termination	1	
3.5mm female fixed termination	1	
3.5mm male fixed termination	1
