

Specification for GENERAL ELECTRONICS COMPONENTS HI-REL SPACE GRADE MOSFET- JANSR2N7594T3 or equivalent		
Sr. No.	Item Description	Specification Value
1	Part Number	JANSR2N7594T3 or equivalent
2	Package Style	TO-257
3	Other Specifications	As per QA Requirement mentioned below

QA Requirements

1.	Quality Specifications	Should be Qualified as per MIL-PRF-19500 JANS OR Should be qualified as per ESCC-5000.
2.	Radiation Qualification Requirement	The devices shall be guaranteed to meet the following Radiation requirement: <ol style="list-style-type: none"> 1. The device shall meet minimum 100 K Rad for TID. 2. Single Effect Event threshold of minimum 80 MeV/mg/cm²
3.	General Requirements	<ol style="list-style-type: none"> 1. Devices shall be packed in ESD safe pack with proper identification and marking. Traceability information on package shall be marked. 2. For SMD devices preferably maximum 50 devices shall be packed in one waffle pack.
4.	Information required along with the Quote	<ol style="list-style-type: none"> 1A. If the components are offered from existing stock, then vendor shall share details regarding the test data, date code and rescreening plan of such devices. 1B. Depending on the date code, rescreening as per agreed plan shall be carried out before the delivery of the devices. 2. The vendor(s) authorized by original part manufacturer to source and sell parts in INDIA shall only be considered. Latest copy of authorization letter and point by point compliance endorsed by the Original Part Manufacturer in case quote is not from OEM. <p>OR</p> <p><u>If quote is from Authorized Representative of HI-REL Parts Procurement Agency (HRPPA), Copy of latest authorization letter and point by point compliance endorsed by the HRPPA.</u></p> <p><u>3. If supplier is HI-REL Parts Procurement Agency (HRPPA) OR Representative of HRPPA, in addition to all the quality requirement of this Indent compliance with the supporting documents/certificates for the following shall be provided along with the quote-:</u></p> <ul style="list-style-type: none"> • It is mandatory that the vendor should have more than 5 years of experience as HRPPA. Details regarding the same to be supplied. • Details of EEE part types supplied to other customers with name of space programs supported and Space agencies / Satellite payload manufacturers. • Supplied parts shall meet Manufacturer recommended storage & cleanliness condition. • Outline of the Vendor's operating procedure, for compliance to quality requirements of this document; including details of

		<p>mechanism for traceability starting from Original Parts Manufacturer till delivery to SAC.</p> <ul style="list-style-type: none"> • Details of Quality documents that will be supplied along with deliverables. • For off-the-shelf / inventory parts: <ul style="list-style-type: none"> ▪ Date-code of supplied parts ▪ Storage and inspection criteria to be supplied whenever applicable. ▪ Technical and Quality Procurement specifications. ▪ Acceptability of such off-the-shelf parts will be at decided by SAC based on date code and the relifing details.
5.	Documents required along with the supply of Components	Certificate of Conformance (CoC) from the Manufacturer in softcopy format only.
6.	Additional Requirements	<ol style="list-style-type: none"> 1. Each device shall be packed in ESD safe package. 2. Devices shall be supplied preferably from a single lot date code and preferably not older than 3 years.
7.	<p>Important Note:</p> <p>Point by point compliance with supporting documents as described above in para 1 to 6 shall be submitted along with the technical quote.</p> <p>Additionally, if supplier is HRPPA/authorized representative of HRPPA, all the details as per para 3(3) shall be submitted along with quote with the supporting technical documents/certificates.</p> <p>Failing so, the offer is liable to be rejected.</p>
